Biological Degreaser / Parts Cleaner

TECHNICAL DATA SHEET

BENEFITS

- Non-Toxic, Biodegradable
- Highly effective
- Biodegrades oil and grease
- Reduces environmental impacts
- Non Acid, Non Caustic, No Solvents

GENERAL INFORMATION

Non toxic parts washer designed to remove grease and grime from automotive and machine parts. Contains safe, natural microbes specially adapted for consuming petroleum hydrocarbon wastes. Oils and lubricants washed off parts become the food source for the microbes. This inhibits buildup of hydrocarbons in the reservoir preventing saturation and the need to replace or recycle the fluid. To be used in biological parts washers.

TECHNICAL DATA

Flash Point:	None
pH:	7.0 – 7.5 neutral
Specific Gravity:	1.01
Colour:	Blue
Toxicity:	Very low

Biological Degreaser / Parts Washer is available in these sizes:

Part # 82420 20 litre pails

Proudly  Canadian
