Kleens-It Electrical Contact Cleaner – Industrial Strength

TECHNICAL DATA SHEET

BENEFITS

- Evaporates quickly without residue
- Effectively dissolves industrial grime, grease, lubrication fluids, silicone, tars, adhesives and fluxes.
- Designed as an alternative to CFC 113 or HCFC's and 1,1,1, Trichloroethane solvents
- Non flammable and very high dielectric strength

GENERAL INFORMATION

Non flammable Electrical Parts Cleaner can be used to clean motorized instruments, control panels, electrically driven parts, motors, and other electronic devices requiring non flammable, non conductive, no residue degreasing agents.

Use on switches, contacts, relays, PC boards, motors and sensors.

This product is not recommended for pure oxygen or oxygen rich systems.

DIRECTIONS (Aerosol)

- Hold can 6 to 8 inches from surface to be cleaned
- Spray surface liberally
- Use extension tube to pinpoint application
- Allow the solvent time to evaporate, until the surfaces are completely dry

TECHNICAL DATA

NFPA 704 flammability rating	0 non flammable
Dielectric Strength	> 45,700 volts
Flash point	None
Appearance	Clear colourless liquid
Odour	Typical

Kleens-It Industrial Strength Electrical Contact Cleaner is available in these sizes:

Part # 57220 12 x 500 g aerosol

Proudly  Canadian
