

Protec 2000 Vinyl Protectant & Tire Dressing - High Gloss

TECHNICAL DATA SHEET

BENEFITS

VOC compliant
Water-based formula contains no harsh solvents
Safely and effectively shines and protects exterior and interior rubber, plastic and vinyl surfaces. Long lasting high gloss gives "like new" appearance
Safe for use on engines

GENERAL INFORMATION

A concentrated, VOC compliant, water-based, high gloss dressing that shines, protects and restores moisture. For use on rubber, plastic and vinyl interior and exterior surfaces.

DIRECTIONS

Use at full strength or dilute up to 1 part product to 4 parts water (1:4) depending on desired shine.

Prior to applying product, thoroughly clean surface, pressure rinse and wipe dry.

Exterior & Interior

Spray product on applicator pad and apply to vinyl, plastic and rubber surfaces. Allow to dry, or wipe dry with clean towel.

Tires

Spray product on applicator pad and apply to tire. Allow product to thoroughly dry before moving vehicle.

Engine

Spray entire engine evenly. Wipe down with soft, clean cloth.
